CALIFORNIA

The "NF1 Family Day Mini Symposium and Kids Club at CSUS is an essential educational event dedicated to supporting patients, families, educators, and caregivers affected by Neurofibromatosis (NF). Organized by California State University Sacramento and Neurofibromatosis California, this event provides a comprehensive platform for discussing and addressing the various concerns related to NF. Attendees benefit from up-to-date information, valuable resources, and support from leading experts and peers, fostering a sense of community, understanding, and empowerment.

SATURDAY APRIL 25, 2026 · 10AM TO 2:30PM

NF1 FAMILY DAY

MINI SYMPOSIUM & KIDS CLUB

Attention all parents! Kids Club is available for our NF1 Family Day. Kids Club activities will take place indoors at the Maryjane Rees Language, Speech and Hearing Center on the second floor of Folsom Hall. When registering, please let us know how many kids you will be bringing, their ages, and if there are any medical precautions or accommodations they will need to participate in our Kids Club activities.
